This is a five month class that will meet the second Tuesday in April, May, June, July and August. You will receive block instructions and design the blocks each month in class.

In the first class you will design the quilt in Quilter program (part of Bernina Embroidery Software) and the first block. At that time we will discuss embroidering part of the block in class or doing the embroidery as homework. My guess is that you will embroider at home.

Thank you for enrolling in the Floral Visions Quilt class.

Please do not hesitate to contact me prior to class if you have any questions about supplies.
